Designed for a faster first impression

Clear hierarchy, obvious contact actions, responsive layouts, and truthful business information are treated as launch requirements—not optional polish.

Scores reflect the captured websites and the configured Jarvis quality standard at the time this package was generated. They are directional quality evidence, not a guarantee of traffic, ranking, leads, or revenue.

PROPOSED WEBSITE

The experience at a glance

The interactive preview and walkthrough video are part of the outreach kit. The concept remains private/local until an owner approves publication.
